# Brunei Rooftop solar Energy Storage Company

Does Brunei have solar panels?

Due to the country's extensive hydrocarbon deposits, which are used to fuel its thermal power plants to produce energy, Brunei has some of the lowest electricity costs in the area. Due to the fact that grid parity has not yet been attained, this does not encourage individuals to install their own solar panels.

Which financial institution in Bandar Seri Begawan has installed rooftop solar panels?

BIBD is now the first financial institution in Bandar Seri Begawan to install rooftop solar panels, showcasing BIBD's commitment to a greener and more resilient future for Brunei.

Who owns Brunei energy services & trading (best)?

Brunei Energy Services and Trading (BEST) is the national oil company owned by the Brunei government. The company was granted all mineral rights in eight prime onshore and offshore petroleum blocks totaling 20,552 sq. km. PB manages contracts with Shell and Petronas, which are exploring Brunei's onshore and deep-water offshore blocks.

Can solar power reduce reliance on fossil fuels in Brunei?

Historically, Brunei's primary energy supply has relied on fossil fuels. This first successful project demonstrates the technical and economic viability of solar power in Brunei's context, paving the way for further development in the clean energy sector and signifying a positive start in reducing reliance on fossil fuels.
