## Budapest power generation and energy storage

Where is Hungary's largest battery energy storage system located?

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh.

Will Hungary's new battery energy storage system help Green the grid?

The new facility supports a growing push to green Hungary's power grid. Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up its role in Central Europe's growing grid-scale energy transition.

How much power does met have in Hungary?

The new facility boasts a total power output of 40 MW and a storage capacity of 80 MWh. This project significantly expands MET Group's energy storage portfolio in Hungary. It joins a smaller 4 MW / 8 MWh demonstrator BESS, which utilizes Tesla Megapack 2 batteries and was installed at the same site in 2022.

Is Hungary stocking up on battery backup?

Hungary isn't alone in stocking up on battery backup as it charts its green energy path. In neighbouring Bulgaria, a massive 124MW/496MWh battery energy storage system went live in Lovech earlier this year.

MET Group installed a battery energy storage system of 40 MW and a two-hour duration at its gas power plant Dunamenti near Budapest. The company said it is the largest ...

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in ...

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated today: MET Group put into operation a battery electricity storage plant with ...

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated today: MET Group put into ...

Hungary has taken a significant step forward in its energy transition with the inauguration of its largest standalone battery energy storage system (BESS). Located near ...

/BUDAPEST, HUNGARY, June 19, 2025, 10:00 CET, MET Group/ Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated ...

Teplora is proud to announce the successful commissioning of its first Battery Energy Storage System (BESS) project in Budapest, Hungary. This milestone marks a ...

The Hungarian government says its new HUF 100 billion (\$305.4 million) program will support 10 kW home battery systems to boost solar self-consumption and cut evening ...

/BUDAPEST, HUNGARY, June 19, 2025, 10:00 CET, MET Group/ Hungary's largest operating standalone battery energy storage ...

Teplora is proud to announce the successful commissioning of its first Battery Energy Storage System (BESS) project in Budapest, ...

---

MET Group installed a battery energy storage system of 40 MW and a two-hour duration at its gas power plant Dunamenti near ...

Hungary announces HUF 100 billion (EUR 261 million) residential energy storage subsidy program, providing HUF 2.5 million per household to purchase 10kWh energy storage ...

The government is announcing a residential energy storage program with a budget of HUF 100 billion (EUR 261 million), the Minister heading the Prime Minister's Office said on ...

Hungary switches on its largest battery energy storage system at Dunamenti gas power plant to support grid flexibility near Budapest.
