Introduction

How much does a glass wall cost?

Tempered glass is standard for glass walls, though hurricane-proof impact glass is recommended for window walls. Alternatively, you may also opt to install smart glass, a type of glass that changes from clear to frosted on demand. Smart glass costs \$70 to \$150 per square foot installed and is a complete panel installed like traditional glass.

How much does a window wall cost?

Most window walls are custom-built and can be made with hurricane-rated impact glass. Glass curtain walls cost \$25 to \$80 per square foot or \$1,300 to \$8,000 total with installation. These walls are also floor-to-ceiling but are not load bearing. Curtain walls cost less than window walls because they are more likely to have prefabricated options.
