
Huawei joins Madrid solar panel

Why is Huawei a partner in Europe?

Together with its partners in Europe, Huawei is determined to turn this shared vision into an opportunity, and this opportunity into lasting growth - for an all intelligent and greener Europe. Embracing a more intelligent and sustainable Europe together

How does Huawei support Europe's digital and intelligent transformation?

"We are committed to supporting the continent's digital and intelligent transformation through investment in technological innovation, partner ecosystems, and talent development," said Leo Chen, Huawei's Senior Vice President and President of Enterprise Sales. "Together, we can build a more intelligent and sustainable Europe."

Why is Huawei launching flagship products in Europe?

In terms of technological innovation, Chen said Huawei has launched flagship products and solutions in Europe to help enterprises build their own digital infrastructure.

Does Huawei have a partner ecosystem?

Regarding partner ecosystems, Huawei has announced SHAPE 2.0 for enhanced collaboration with local partners in Europe. SHAPE 2.0 is an upgraded version of the SHAPE partnership framework that was released by the company last year.
