
Large mobile energy storage vehicle in Mumbai India

Is Tata Power installing a 100MW battery energy storage system in Mumbai?

Loading... Tata Power, India's largest integrated power company, has secured approval from the Maharashtra Electricity Regulatory Commission (MERC) to install a 100MW Battery Energy Storage System (BESS) across Mumbai.

Where will a 100MW power system be installed in Mumbai?

The complete 100MW system will be installed across ten strategically located sites, particularly near load centres across Mumbai Distribution, centrally monitored and controlled from Tata Power's power system control centre.

How will a 100 MW power system benefit Mumbai?

The system will also optimise reactive power management, improving peak demand efficiency and strengthening the city's power infrastructure. The 100 MW system will be installed across 10 strategically located sites in Mumbai, especially near load centres.

Why is Tata Power launching a Bess project in Mumbai?

With real-time monitoring from Tata Power's Power System Control Center (PSCC), the BESS will strengthen Mumbai's grid resilience, support clean energy adoption, and fulfill energy storage obligations. The project underscores Tata Power's commitment to sustainable, future-ready power solutions.
