# New Delhi plans new energy storage industrial park

What is India energy storage week 2025?

Credits: Getty Images India's energy storage,electric vehicle,and green hydrogen segments will attract more than INR8,000 crore in investments at India Energy Storage Week (IESW) 2025,which is scheduled to be held in New Delhi from July 8 to 10,industry body India Energy Storage Alliance (IESA) said Thursday.

Why should India invest in a Bess storage facility?

With a significant increase in renewable energy generation capacity,it is imperative that storage facilities are developed to help India and the world transition to clean energy. With an annual tariff nearly 55% lower than the previous benchmark,the project sets a new standard for BESS affordability in India.

How geapp helped BSES Rajdhani Power Limited & BRPL?

GEAPP,in collaboration with IndiGrid and AmpereHour Energy,assisted BSES Rajdhani Power Limited (BRPL) in commissioning the 20 MW/40 MWh BESS projectin New Delhi at a record-breaking 20-month delivery schedule.

Are battery energy storage systems a capex-intensive project?

More efficient and longer-lasting batteries are crucial as the grid-scale battery energy storage systems are capex-intensive projectswith long-term power-purchase agreements between energy providers and distribution companies. (File Photo: AP)

The renewable energy ministry wants new efficiency and life cycle conditions to ensure only higher-performance batteries qualify under ...
