# North Macedonia solar curtain wall custom manufacturer

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Can North Macedonia develop solar energy?

The potential for solar energy development in North Macedonia is vast. With estimates suggesting that the country could harness up to 11 GW of solar PV capacity, there is significant room for growth.

Why does North Macedonia import electricity?

This shift can be largely attributed to increased investments in photovoltaic projects, which have bolstered local electricity production. Currently, North Macedonia imports electricity primarily from neighboring countries such as Bulgaria, Serbia, Hungary, and Greece.

Who is Cyprus Onyx Solar?

Cyprus Onyx Solar is the world's leading manufacturer of transparent photovoltaic (PV) glass for buildings. Onyx Solar uses PV Glass as a material for building purposes as well as an electricity-generating material, with the aim of capturing the sunlight and turn it into electricity.
