How much does San Diego solar cost?

the first time. Dirk and his company exceeded all of my expectations. The price was phenomenal, the installation was flawless, and the system operates better that expected. We used to pay between \$200-\$300 per month on electricity. Our bill is now anywhere from \$0-\$10. Thanks San Diego Solar.

Do Enphase micro inverters come with a warranty?

Enphase microinverters come with a standard 25-year warranty. Remember it's not the higher wattage DC panels you want,it's the highest wattage AC Micro inverters you want. AC power is what you use in your home. Selling DC watts is a sales tactic. The inverter has always been the weak spot in solar energy.
