# Serbia Silent Generator Container

Does dingbo provide a container generator without soundproof function?

Dingbo provides standard container generator without soundproof function and container silent generator set. The feature as below: 1. Design and manufacture as per the international standard container, i.e.: 20 feet for 1000KVA or less and 40 feet for 1250KVA or above. 2.

Why should you choose a containerised generator?

Fire Detection Panels and Intruder Alarms: Enhanced safety and security. Our containerised generators are suitable for a wide range of applications, including: Super Silent: Super silent 65dBA at 1m for prime power running diesel and gas. Critical Backup Power: For MOD, NHS, and HMP sites, ensuring reliable performance in emergencies.

Are all canopied generators silent?

Not all canopied generators are necessarily silent. Most still produce some level of perceivable noise. However, they don't produce enough to cause long-term damage to your ears. Exposure to noises over 85dB can start to do damage to the tiny hair cells in your inner ears, which will lead to hearing loss over time.

What is a silent container?

The silent container is made by high performance and anti-ageing, flame retarding, sound insulation and damping materials, with unique and elaborate design for air intake, outlet and noise reduction device. Optional parts: auto fuel feed pump (or control valve), cooling liquid feed pump, dual oil-water separator, auto parallel system, etc.
