# South African folding container DC power supply for sports venues

Who uses DC power supplies?

We service all economic industries that utilize DC Power supplies, including the mining, industrial, power reticulation, security and municipality sectors. We have successfully completed an impressive range of electrical DC Power supplies projects across the face of the African continent. Our clients include local and international conglomerates.

Who are C box containers & modular solutions?

We Got Ya! C Box Containers & Modular Solutions offers a wide range of additional services to enhance the experience, all based on tiered cost model. Talk to us and create your own package. We supply a fleet of converted containers providing the perfect event, activation, display and pop-up solution for your brand.

How many power supplies can be mounted in a 40ft container?

Power supplies <300kW can be mounted in only a single 40ft container, while greater powers can be achieved in multiple containers and connected upon delivery. Depending upon specifications, containerized power supplies may be stacked, or located side-by-side. Setup and testing or shut-down and packing can be achieved within a matter of days.
