
Vienna solar air conditioning manufacturer

Who is China solar air conditioner manufacturer?

Deye is a famous China Solar Air Conditioner manufacturer and supplier. They offer battery-powered or no-battery solar air conditioners for sale worldwide.

What is a solar air conditioner?

Deye's innovative solar air conditioner series represents a breakthrough in sustainable cooling technology, combining eco-friendly operation with powerful performance. Our solar air conditioners are designed to significantly reduce electricity costs while providing reliable cooling even in the most challenging environments.

How does a solar-powered air conditioner work?

Solar power air conditioners work by using photovoltaic cells (PV panels) to convert sunlight into AC electricity. These units run on small batteries that must be periodically charged with a small amount of electricity. It can take from eight to sixteen hours to charge the batteries to full capacity.
