
Wholesale bess battery system in Cebu

Can battery energy storage systems transform business in the Philippines?

Battery Energy Storage Systems have the potential to transform how commercial and industrial companies in the Philippines manage their energy needs. With benefits ranging from cost reduction to energy supply stability, BESS is a compelling solution. While the initial investment may vary, the long-term advantages are undeniable.

What is Bess & how does it work in the Philippines?

For commercial and industrial companies in the Philippines, BESS provides an opportunity to take control of their energy usage. These systems consist of high-capacity lithium-ion batteries and sophisticated energy management software.

How is Bess transforming the Philippine energy industry?

With the commercial operations of approximately 1,000 MW of BESS facilities across 32 locations in the Philippines, we are now ushering in a new era for the Philippine energy industry through significant improvements in grid reliability and the integration of more renewable power sources to the country's diverse energy mix.

How many Bess facilities are there in the Philippines?

SMC Global Power is operating 32 BESS facilities across the Philippines, spread across the regions of Luzon, Visayas, and Mindanao.

Aboitiz Power Corporation (AboitizPower), through East Asia Utilities Corporation (EAUC), a wholly-owned subsidiary of Therma Power, Inc., is set to break ground on a 30-megawatt ...

For commercial and industrial companies in the Philippines, BESS provides an opportunity to take control of their energy usage. These systems consist of high-capacity ...

Leading the Philippine energy industry with BESS We started our venture into battery energy storage technology in 2018 when we acquired the 10 ...

The Philippines' Journey Towards Battery Storage In the Philippines, battery energy storage systems are still in their nascent stages.

Aboitiz Power Corporation has announced plans to construct a 30-megawatt hybrid battery energy storage system (BESS) within the Mactan Economic Zone in Lapu-Lapu City, ...

Meralco PowerGen Corporation (MGEN) is set to develop a 49-megawatt (MW) Battery Energy Storage System (BESS) in Toledo, ...

The East Asia Utilities Corporation (EAUC) power plant in Cebu, Visayas, Philippines. Image: Aboitiz Power. Integrated energy utility Aboitiz Power has kicked off a ...

The East Asia Utilities Corporation (EAUC) power plant in Cebu, Visayas, Philippines. Image: Aboitiz Power. Integrated energy ...

Meralco PowerGen Corporation (MGEN) is set to develop a 49-megawatt (MW) Battery Energy Storage System (BESS) in Toledo, Cebu, which is part of a broader effort to ...

Leading the Philippine energy industry with BESS We started our venture into battery energy storage technology in 2018 when we acquired the 10 MW Masinloc Battery Energy Storage ...

Blue Sigma Philippines Inc. is a premiere innovator and manufacturer of advanced Battery Energy Storage Systems (BESS). We are passionate about making a positive impact on the energy ...

AboitizPower breaks ground on a P1.2 billion, 30-MW hybrid battery energy storage system in Mactan, Cebu, set for May 2026 operation to boost

Discover our groundbreaking BESS battery energy storage systems, featuring a full 20-year warranty--twice the industry standard. Join us in creating a sustainable future with ...

Blue Sigma Philippines Inc. is a premiere innovator and manufacturer of advanced Battery Energy Storage Systems (BESS). We are passionate ...
